## Global Petroleum Show

Mighty Pumps was a hit at the Global Petroleum Show! Our staff spent the day engaging with new and existing clients during their wait in a line that stretched down the hall to get into our booth. We supplied over 1000 soft serve ice cream cones each day in our booth!

We promoted our products on 100"x57" digital display so that we could fit all of our equipment into our 15' x 20' booth. We did bring in one physical piece of equipment to show off, a 6" DT6 Mighty pump. Clients were impressed by the double-axle industrial trailer, quiet containment, 6NNT Cornell wet end, and 142hp CAT C4.4 engine. It was said that "Mighty Pumps sets the standard for industrial mining pumps!"
