## HDPE PIPE FUSION

Part of Canada Pump and Power's Marine Industrial Services include HDPE pipe fusion. Canada Pump and Power has one of the most qualified fusion teams in the HDPE fusion industry of Western Canada. Our operators are all certified with McElroy fusion certifications to ensure our work is done to meet the strictest ASTM 2620 standards. We use the highest quality equipment and datalog our joints. Our factory trained mechanics keep our machines and our clients' machines in the best possible condition.

Our sister company, Pacific Pump and Power, has a McElroy instructor on staff so that our clients and our own staff can be trained in the McElroy University classes right here in Alberta, including at our clients' sites.

If we can help you with any of your marine industrial needs, call us anytime at 1-780-922-1178 or email us at [Sales@MightyPumps.com](mailto:Sales@MightyPumps.com).
