March 2012

PRODUCTION IN REDWATER

On March 15, Canada Pump and Power kicked off their new Production Facility in **Redwater, Alberta** with a Grand Opening B-B-Q. Thank you to those that came out to support us on our big day!

What a wonderful turnout!

Over 60 people in attendance with door prizes, giveaways, and presentations from Minister Johnson (MLA of Redwater), Jeremy Leonard and Caleb Dyck (CPP), Jeff Johnson (Cornell Pumps), Jim Cox (Finning), Doug Kolasa (ISCO Pipe), and Brad Henderson (Exhibit Installation).

The new Redwater facility is located at 4418 – 51 Ave, Redwater, AB T0A 2W0. The shop is 5,892 square feet on a 1.5 acre lot with easy access to load and unload equipment efficiently and safely. The new facility was needed to handle our current and expected growth. Redwater is a better location for us to reach our Fort McMurray Operations Group and needs of existing and future clients. We plan to support and hire local people and run a Training Program directly out of this new facility!

Call us at your convenience at 1-877-898-3494 or email us at sales@mightypumps.com.
