

The CPP Connection

December Newsletter 2013

Holiday Spirit of Giving

This December has been extraordinarily cold, and we have been extra busy providing alternative pumping solutions to our Clients who have had their existing lines freeze up. Building and commissioning new pipelines in minus 40 degree temperatures is no easy task!

Those of us that were not required on site got together to share a meal in December. Our goal as a company is to fulfill the needs of our Clients, Employees, Shareholders, and the Community. We all donned Mighty Pumps hockey jerseys this year as a demonstration of our solidarity, working together to give back to our community and those around the world who are less fortunate.

Canada Pump & Power sponsored youth hockey and baseball in 2013. Through our Public Foundation, we also contributed funds every month to help alleviate systemic poverty around the world.

If you are interested in what we are accomplishing, check out our web site at www.WorkforAll.com. Email us at sales@mightypumps.com if you want to help!
