Generators In Our Rental Fleet

Canada Pump and Power is adding Generators to our rental fleet to support our Marine Operations with some POWER! The models will range from 40kW to 100kW. They are installed with MEC 310 Control Panels, ABB adjustable trip breakers, and block heaters. They will be built with Industrial Trailers or Oilfield Skids depending on the size and each job application.

Please email us at sales@albertapumps.com if you are interested or would like additional information about our new product line!
