## High Head Trash Pumps

Working with Suncor Energy in Fort McMurray, Canada Pump and Power has provided Industrial Strength, High Head Trash Pumps for the Firewater Pumphouse. HT12 pumps are powerful pumps with 300 HP engines, built for tough applications they can pump up to 5,100 gpm and up to 360 feet of head!!

These pumps are quiet and efficient with Jet-Primes for dry running. They can be remotely monitored and controlled from a computer with Internet. They burn less fuel than other pumps and can handle solids up to 3.38".
