

# The CPP Connection

The Monthly Newsletter of Canada Pump and Power

**PUMP • BARGE • DREDGE**

June 2011

## Our First Distributor

Canada Pump and Power is proud to introduce our first distributor  
**CONTAIN RENTALS!**

They are a company representing our pumps in the Dawson Creek, British Columbia area. Their fleet of pumps includes two 6" HT6 High Head Trash Pumps, one 6" HW6 High Head Water Pumps, and four pumps from our brand new line - 6" and 8" Naked Trash Pumps.

They also have three 8" pumps on order – two HT8's and an HW8.

The HT and HW series are the complete package deals with Jet-Primes, Quiet Containers, and Telematics that tell you where the pumps are and what they're doing in real-time. The NT - Naked Trash Pump series is a new line that does not include these features. If you would like more information about Contain Rentals and their fleet of pumps let us know!

*Call us at your convenience at 1-877-898-3494 or email us at [sales@albertapumps.com](mailto:sales@albertapumps.com).*
