Pump Training Courses

At CPP, our goal is to "Identify, clarify, and continuously improve the way we do business so that Canada Pump and Power can grow while taking exceptional care of its employees and clients."

We understand that by providing ongoing training to our personnel, we are constantly getting closer to this goal.

In 2013, we added four new courses to our personnel training program:

- Pumps 100 (Familiarization with pumps and pump accessories)
- Pumps 101 (Hydraulics, Pump Operation, Pump Maintenance, and Pump Troubleshooting)
- Pumps 201 (Pump Set up, Advanced Pump Troubleshooting, and Pump Repairs)
- Pumps 301 (Pumping System Planning and Engineering)

Our formal training program is designed to increase the efficiency of our group and to enable better communication, knowledge, and understanding of what we are able to accomplish together.

For more information on this and other projects email us at sales@mightypumps.com, for general company information visit our website at canadapumpandpower.com. As you have come to expect we are on call 24 hours a day, 7 days a week, 365 days a year to respond to your emergencies. Call our toll-free line at 1-877-898-3494.
