Canada Pump and Power is Growing!

ONTARIO

FORT MCMURRAY

FORT SASKATCHEWAN

REDWATER

ARDROSSAN

Canada Pump & Power (CPP) recently expanded with two additional Canadian office locations!

In 2021, CPP relocated our head office to Fort Saskatchewan, Alberta to better serve you. This new 12,000 sq ft facility serves as the head office and will be supporting our growth in Production and Maintenance efforts across Canada.

CPP's Ardrossan, Alberta office continues to be an active facility supporting CPP's continued research and development effort in providing innovative Dive, Pump, Barge, and Dredge solutions.

Our Redwater, Alberta Production and Maintenance Facility continues to provide full-service marine equipment repairs while housing a large inventory of Mighty Pumps, Barges and Dredges which are available for sale or rent.

In Northern Alberta, our Fort McMurray Production and Maintenance Facility continues to maintain a large fleet of industrial marine equipment being utilized in the Regional Municipality of Wood Buffalo while building the Buffalo Mighty Pumps.

To support our continued growth in the mining sector, CPP has also opened an office in Sudbury, Ontario! This new location provides faster and even better service to our existing and future clients in Ontario and Eastern Canada.

Canada Pump and Power is excited that our steady and continued growth, as we provide our clients with the best and easiest solution of Dive, Pump, Barge, and Dredge needs.

Canada Pump and Power is committed to being the best and easiest solution for all industrial marine services and products. Please give us a call at 1-780-922-1178 or email CPP at sales@canadapumpandpower.com for any industrial marine products or service solutions!
